

# **PRODUCT DATA SHEET**

## Product: Anti-Cytochrome C, human, Clone 2G8

### Cat. No: MC-289 (100 µg)

#### Specificity:

This antibody reacts with cytochrome c.

#### Species Reactivity:

Human. Cross-reacts with mouse, rat, rabbit and pigeon. Others not tested.

Ig Isotype: IgG1/ĸ

*Format:* 100 μg/100 μl of purified antibody in PBS.

Storage and Stability:

Store at -20 ℃.

#### Applications and Suggested Dilutions:

- ELISA
- Functional assays: 2G8 blocks the ability of cytochrome c to act as a co-factor in caspase 9 FACS-analysis.
- FACS: Intracellular stainings
- Western blotting (Not Suitable)

The optimal dilution for a specific application should be determined by the researcher.

#### Limitations:

For *in vitro* research use only. Not for use in diagnostics or in humans.

#### Warranty:

No warranties, expressed or implied, are made regarding the use of this product. **KAMIYA BIOMEDICAL COMPANY** is not liable for any damage, personal injury, or economic loss caused by this product.
